The Indiana Student Financial Aid Association (ISFAA) is excited to announce **2026 Director's Day,** a no-cost professional development event **designed for financial aid directors and senior aid administrators** across Indiana.

Join your colleagues for a day dedicated to connection, collaboration, and leadership growth. Together, we'll explore timely topics impacting our institutions and engage in thoughtful conversations that strengthen our collective leadership.

Based on feedback from last year's event, we've designed an agenda with more opportunities for interactive discussion, giving you time to connect with colleagues and explore the challenges and opportunities facing financial aid professionals today.

We look forward to a productive and engaging day together.
